## **DETAILED ACTION**

### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Kevin Morgan on 06/25/2010.

The application has been amended as follows:

Cancel claims 18, 20 - 25, 32 and 33.

### **Allowable Subject Matter**

The following is an examiner's statement of reasons for allowance:

With regards to claim 1, the prior art on record fails to suggest or render obvious a method for detecting gas leaks comprising the steps of providing a gas filter correlation radiometer tuned to measure ethane which includes two ethane detection paths having different lengths, wherein the steps include sampling corresponding pixels from detectors at each path having collocated field of views and detecting simultaneously while detecting the presence and identifying a gas leak by detecting ethane due to variations in solar radiation reflected from a target area, in combination with the rest of the claimed limitations.

Although, the steps up above are known individually, absent hindsight reasoning, one skilled in the art would not find the claim obvious since one of ordinary skill in the art would not find any motivation to combine the said

Art Unit: 2884

individually steps. As such, applicant provides a nonobviousness improvement over the prior art on record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to DJURA MALEVIC whose telephone number is 571.272.5975. The examiner can normally be reached on Monday - Friday between 8:30am and 4:00pm.

#### **Conclusion**

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, David Porta can be reached on 571.272.2444. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
